**iPOD® INTEGRATION**

Simply plug your iPod into the custom cable located in the glove box and you're ready to go. iPod integration means you can navigate your iPod through your radio controls. With this simple "plug and play" hook up, your iPod stays securely attached, out of view and continually charging.

**iPOD® INTERFACE**

iPod Interface Kit allows you to play your iPod music files directly through your vehicle's audio system. Simply plug your iPod into the custom cable. You control your music selection through your iPod control wheel.

**RECEIVER SYSTEMS**

In-vehicle entertainment has evolved with another innovative product from MOPAR. The Sirius Satellite Radio System plays directly from your vehicle's radio with the installation of a special receiver and permanent mount antenna. A monthly service fee will apply.

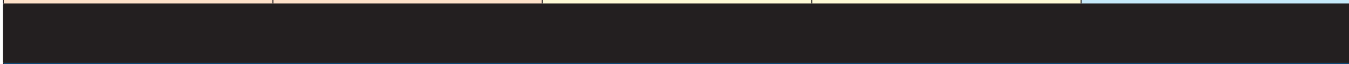

**INSTALLATION KITS**

Mopar Sirius Satellite Radio installation kits are designed specifically for your vehicle.

**UCONNECT®**

This voice-activated, in-vehicle communication system utilizes a small control pad, microphone and speaker to allow you to dial a wireless phone through simple voice commands.
